This directory contains a listing of federal environmental personnel. It is issued by the Naval Environmental Protection Support Service (NEPSS) as part of our efforts to improve environmental coordination.

To assist the user, this directory is arranged alphabetically by claimant. It also includes a separate listing of the NEPSS specialty offices. We've included information on environmental helplines, hotlines, and clearinghouses, plus information about the Defense Environmental Network and Information eXchange.

To update information contained in the directory, please provide complete information on the update form provided on Page ii. This may be submitted via FAX or e-mail. This directory is updated semiannually on our web site. The website address is:
